TITLE : MANUFACTURE OF SOLAR BATTERY
MODULE

ABSTRACT : PURPOSE: To provide a manufacturing method which makes it possible to fit a frame or terminals for a solar battery module extremely simply.

CONSTITUTION: The title manufacture of solar battery module has processes of applying sealing resin 4 and 5 on a translucent material having a solar battery element, of fitting a terminal box 6 and a frame 7 or one of these before the sealing resin 4 and 5 hardens, and of hardening the sealing resin 4 and 5 by heating and attaching the terminal box 6 and the frame 7 or one of these by the hardening action of the sealing resin 4 and 5.
